

EZ-Dumper[®] SERVICE BODY INSERT

Available in Steel, Stainless Steel and Aluminum

The Original

The **EZ-Dumper**[®] Service Body Dump Insert is a custom built unit made specifically to fit your truck's service body.

Save time and money! Never unload your service truck by hand again!

EZ-Dumper[®] dump inserts can hold and unload up to 6,000 lbs. or two cubic yards of firewood, topsoil, gravel, mulch, grain, or whatever, depending on the weight-carrying capacity of your truck.

Easy to Install and Operate

EZ-Dumper[®] installation is a breeze. No alterations are needed for most trucks. Just slide the dump insert into your service body, secure it to your truck's frame with the included hold-down clamps, and you're ready to go.

We even include the hydraulic fluid!

EZ-Dumper[®] dump inserts are fully hydraulic and operate on any standard 12-volt truck battery. To empty a load, simply open the tailgate and push a button. **EZ-Dumper**[®] dump inserts lift to an angle of 51° in 15 seconds for quick and clean unloading.

A Durable Investment

From two cubic yards of cordwood to three tons* of crushed stone, **EZ-Dumper**[®] dump inserts are designed to take a beating from the toughest loads and provide years of reliable service. Made with heavy gauge steel backed by a structural steel frame, an **EZ-Dumper**[®] dump insert will likely outlast your next two or three service trucks.

INSERT *Specifications*

- Capacity: 6,000 lbs. (even distribution)
- Cycle up time: 15 seconds
- Energy source: existing 12 VDC
- Unit weight: based on dimensions of dump insert

*The payload carrying capacity of any truck is determined by the GVWR of the cab chassis, the curb weight of the cab chassis and the weight of the body. It is important that you determine that your truck has satisfactory carrying capacity and axle ratings for your specific application.

Standard Features

- 12 Gauge steel floor
- 14 Gauge steel sides
- Structural steel frame
- Four bolt-down clamps
- One under mounted hoist and pump
- Remote control
- Double-acting removable tailgate
- Grease fittings on pivots
- Durable black powder coat finish
